GET UP TO SPEED
WITH DOCTOR WHO!

The time traveller

THE DOCTOR is a Time Lord from the planet Gallifrey. He's a super-intelligent explorer who travels through time and space in his TARDIS - usually with a companion or two for company - saving planets and people along the way! Basically, the Doctor is cool.

THE DOCTOR

FAST FACT!

THE DOCTOR carries a sonic screwdriver with him - a multipurpose device that helps him unlock doors, scan things and even mend barbed wire!

AMY POND

FAST FACT!

AMY was accidentally shot by Rory and had to spend 2,000 years in the Pandorica box until she could be healed.

The companion

AMY POND first met the Doctor when she was just seven years old and had to wait 12 years until she saw him again. He's her best friend, and along with her husband Rory, the three of them go on lots of crazy adventures!

The time machine

THE TARDIS can go anywhere and to any time - but she's more than just a spaceship - she might even be alive! She is disguised as an old police telephone box. TARDIS stands for Time and Relative Dimension in Space.

FAST FACT!

Using a telepathic field, the **TARDIS** can translate every language into one language understood by the Doctor and his companions.

THE TARDIS

RORY WILLIAMS

RIVER SONG

The husband

RORY WILLIAMS was not pleased when Amy started travelling with the Doctor, because he was worried about her safety. But after she asked him to join them, he stepped into the TARDIS and has never looked back!

FAST FACT!

RORY has died twice (it's OK - he got better). Will it happen again? Could he be that unlucky? We don't know! So watch to find out!

The mystery

RIVER SONG is an archaeologist from the future who the Doctor keeps meeting in the wrong order. She's been in prison, she might be the Doctor's future wife and she knows his real name. We'll find out who she really is sometime this year! Yipee!

FAST FACT!

RIVER's diary includes details of all her adventures with the Doctor - even ones he doesn't know about yet! Spoilers!

FILL IT IN!

Who's your favourite Doctor Who character?

MONSTER MASH!

Here are just some of the scary creatures the Doctor has met!

CYBERMEN

Ruthless and logical, the **CYBERMEN** were ordinary people until they were upgraded to robots!

DALEKS

Cross little green aliens in big armoured cases, the **DALEKS** are the Doctor's oldest and deadliest enemies. They like exterminating stuff.

SONTARANS

Short, grumpy and not always very bright, the **SONTARANS** are an army of clones who love getting into fights and wars.

WEEPING ANGELS

They look like statues until you look away or blink. Then the **WEEPING ANGELS** can send you back in time or destroy you!

THE SILENCE ARE SO SCARY!

MATT SMITH SPILLS LOADS
OF HIS NEW SERIES SECRETS!

Can you tell us anything about the new monsters?

Not really, I'm afraid, I'm sworn to secrecy. They're **one of the scariest** that we've had in a while - definitely since the Weeping Angels. Steven Moffat's written a killer monster!

Surely they can't really be better than the Weeping Angels?

They are amazing. They're so scary. I've watched the first episode with a couple of adults in their 20s and they've gone: **'Whoa, that is a SCARY monster!'**

Do you have any other clues about the new adventures?

I don't want to give too much away - I think that the Doctor is **faced with a set of choices** that are sort of impossible for him to sit on the fence about. He's got to go one way or the other. I think it takes the Doctor somewhere which perhaps makes him vulnerable. But he's still the same Doctor - he's still the bonkers professor travelling around the universe.

IT'S ABOUT
A MAD ALIEN
WHO SAVES
THE WORLD!

It's exciting that River's back...

What's amazing about Steven is that he's **been plotting this since the first episode**. Even Silence in the Library is connected. He's had this three-year plan and it's unfolding...

Shhh...
spoilers.

Which adventure should we be most excited about?

The pirate episode is great - it's one of my favourites so far!

Are there any places you'd like to visit in the TARDIS?

Oh yeah, all of time and space out there - but I've got to leave it to the great man Steven Moffat. He's better at that than me. **I've just got to turn up and get the words in the right order**, and make it as funny as I can.

Why do you think Doctor Who is so blooming brilliant?

You're not bound by time or space, so you can tell an infinite amount of stories and **they can go anywhere**. But I think at its heart, it's about a mad alien who saves the world with a screwdriver! And he does it with a smile.

DOCTOR WHO
ADVENTURES

THE DOCTOR

DOCTOR, DOCTOR!

**DO YOU HAVE A PROBLEM THAT NEEDS SOLVING?
THEN ASK THE DOCTOR - THERE'S NO ONE SMARTER!**

**A TARDIS IS BETTER
THAN A TELEPORT**

Dear Doctor,

Where can you buy teleports on Earth?
I think they are really handy and my
friends would be very impressed.
I tried reading *The Hitchhiker's Guide
to the Galaxy*, but that didn't help.
Any advice or ideas?

Phoebe Revolta x

THE DOCTOR REPLIES:

Teleports aren't exactly off-the-shelf in 2011, but if
you shop around, you could probably get all the parts
to knock up a basic DIY job. Then again, connect the
wrong biomatter filter with the wrong curly wire thing
and you'll end up with a glorified toaster. Just ask a
slice of bread how that feels!

TO THE DOCTOR,

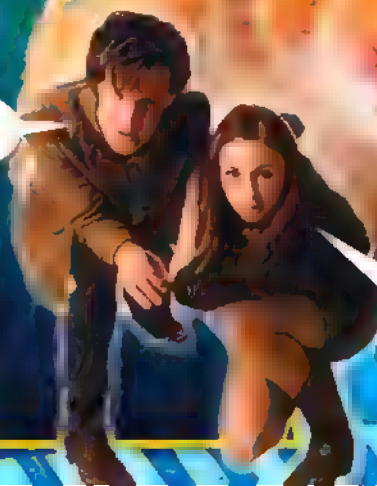

I really, really want a hamster, but my mum and dad
say NO. They are so cute and tiny and they are really
soft, so will you tell me what to do please?

THOMAS MERRY

THE DOCTOR REPLIES:

Your parents are cute and tiny and really soft? No
wonder they don't want a hamster. Couldn't handle the
competition. Just keep their cage clean, get them one
of those nice wheel things to keep them occupied, and
they'll probably give you extra pocket money. It'll be fine.

Aww!
So sweet!

Doctor! It's
ginor-mouse!

Dear Doctor,

I have been having a little bit of trouble with my parents. No matter how hard I try, I just can't make them admit that bow ties are cool. When they're asleep, I get a bow tie and put it on my dad, but when he wakes up, he has a hairy canary.

Do you have any suggestions?

Scott Johnstone

THE DOCTOR REPLIES:

Some are born cool, while others have coolness thrust upon them, like your dad. Try a regular tie for a few nights, get him used to the idea, then move in with the bow. What's this hairy canary got to do with anything, anyway?

DEAR THE COOLEST TIME LORD EVER DOCTOR,

Which monster has the worst smell? And which monster is the most boring to destroy?

Maya Holt

THE DOCTOR REPLIES:

None of them are boring. I don't do boring, it's no fun, makes the brain go all mushy. Then again, there is the Beige Blob of Magnolia Twelve. Blimey, he's dull. Smells of damp cardboard.
